FIRST ANNOUNCEMENT

We are pleased to invite you to the **conference "Advances in Biomedical Research III"**, which will take place from **June 17th – 21st, 2019**, at the Mediterranean Institute for Life Sciences (MedILS) in Split, Croatia.

Historically, our conference has focused on molecular and cell biology of disease, notably on neuroscience, immunology, metabolism and cancer. The focus of this year's conference will be the discussion of the concepts and challenges within each of the above-mentioned fields and will therefore feature sessions on new technologies in genomics, proteomics & metabolomics, cancer signalling, development of therapeutics, DNA repair as well as immunotherapy.

The conference is jointly organized by the Mediterranean Institute for Life Sciences and the University of Toronto.
